My ward lives with me.

---

Group home with 6 other women

---

### Q3 - Other Responses

Nurses and C.M.A.'s

Staff member stays overnight

Paid sleep shared with neighbor with disabilities

24 shift coverage -- overnight staff

Scheduled by agency

Nursing staff

Checked both live in and sound response

Night shift

Workers are in another office, same floor

Awake night staff

CBRF staffed 24 hours

Still on waiting list to move out

Both choices

Family

Over night worker on other side of duplex

Staff on duty 24 hours

Changing staff of caregivers

Parents

Checked live in and other and wrote: live-in as back-up - Oveinile says that gets up to rotate physically disabled with 2 hours during the night.

Awake staff

Lives with family

Family

Someone comes in to do ONA

Support worker is a night shift worker

24 hour nurses

Family

Family

Different staff come in each evening

Shift staff

Family

Supported by RN staffing 24/7

Live-in on attached duplex (sound response also checked)

24/7 staff on a rotating basis/schedule

The ladies stay/sleep overnight with ward. It is the same person during the week, but a different person on weekends.

Lives with parents

He lives in a duplex the overnight sleeps on the other side of duplex with the other consumers

Paid staff to be there awake on an overnight shift

Overnight assistance

Awake overnight staff

Doesn't need it.

McCatherips is staffed by qualified field personnel 24 hrs a day 7 days a week

Family

Roommate

**Q3 - Other Responses**

Staff - 8 hr. shifts.

Vanans staff sleep over.

Shift staff

We are available at all times.

CNA's

Support staff who rotate in and out throughout the week.

Shift staff

Come-in overnight staff.

Family

Family

Stays overnight in room downstairs, unsure if residents have ever used and if they know how to obtain assistance-2 individuals have difficulty walking.

Family

People come in to stay awake 10:00pm-8:00am

Family members

Because he lives with parents.

Care - 24 hours - around the clock. Different workers not a live in.

Just his family.

Lives with parent.

LSS Care Givers.

Night shift staff.

Nurse.

Parents.

Stay overnight.

Pathways of Wisconsin.

Pizza Hut - University Ave.

Woisman Center.

Work (supported employment).

Work sites Voc. support office, community activities.

### Q11 - Other Responses

Leave as is. Don't mess with this!

Neither

As is - live at home with parents

Respondent checked both choices 1 and 2

Things work out better the way they are now.

Feel he will need more help as he ages. Everyone works more efficient.

We do all care for my 77 year old sister.

I do not want my daughter in a group home. She is doing well with her roommate. She goes to the MARC and works 7.5 hours at Culver's with a job coach.

None of the above

I would urge you to understand that grouping autistic people for a work day would be total deterioration of life.

Neither would be good. Prefer her current arrangement.

Depends on how many live in one area

He will be in this nursing home the rest of his life.

Prefer current arrangement

Continue living in her condo -- when she turns 65 plan for retirement

Stay where he is now.

He is past retirement age. Perhaps Elder Day Services would be good.

Neither-everything is fine

Lives at home and works only part time - how can we cut this down - bare minimum now.

Refuse to point reduction of services for people with disabilities. You need to look at other services to reduce.

Prefer she work in community with some supervision

That he gets the help he needs

No reduction

Keep person who oversees money management and doctor appointments.

Not apply

Left as is

I'm not sure

Check with L.S.S.

Satisfied with arrangement

My ward wants neither

Prefer services to remain as they are currently

We would prefer to pay higher taxes, and share the burden with others. We have worked our whole lives to help our ward be in a position to live independently.

Home with me but she's happy the way she is living now

Stay where he goes to work now L.S.S

I don't think either option is acceptable

Neither with more people, my ward has more service as is time when she worked!

We prefer he lives at home with services for us. We tried Orchard Hill (worked fairly well for a time) tried group home apt. - disaster

Since my ward has been where she is for over 30 years it is like her home and family

She lives at home

Stay same, live with brother same disabilities

### Q11 - Other Responses

For Jeff's situation, this question is not applicable.

I don't feel further reduction is the right thing to do.

He stays here

I'd want my ward to live with me

Neither option acceptable due to nature of developmental disability of Autism

He is already under-funded. Rather than across the board care, look for those who are over-funded. The support brokers would know this information.

What she wants

I prefer my ward to live at home for safety reasons

Less work assistance doesn't need much

None of the above

He needs the care he gets and probably more

Would prefer her living with the couple she is now living with.

I prefer that my ward live w/one other person

Ward does not relate to peers

We feel present arrangement is the most cost effective as twelve clients are serviced by two or three staff

Would prefer a group the same size (3 in house)

My ward needs 1 on 1 24 hrs a day

Allow her to live in an assisted living the laws don't allow this currently and this is less expensive than her current costs!!! Dane Co. won't allow it! I've tried! (option 1 also checked)

Don't know

Doesn't apply

Change is very difficult for these children

I like things as they are

None of these options I would want.

Leave as is

No services could be reduced for her to live at home

Valley Packaging has served Gary's needs very well

To stay the same

More places like McCarthup would save the most money, the returns per dollar is expectant

None, this is not acceptable this is an unfair question

No change. It is difficult to find compatible people who are unrelated to live together. He is unable to defend himself and is disturbed by loud noises, screams, etc. He is nonverbal and unable to choose housemates.

My ward responds best to consistent routine and familiar caretakers. Change is hard.

Remain the same

I am against institutional living and work shelters. My adult deserves to be in a community working just as those who are reading this do.

None of these.

Remain the same.

Reduce number of hours working/week.

She would continue to live here.

Work less.

## Q11 - Other Responses

Long years of advocacy brought to light productive citizens of integrity, dignity; Friends, neighbors, and co-workers at job sites mutually beneficial. This could turn it all backwards.

Not applicable.

I'm not clear what you're asking

He lives with us, his family.

Not working yet, just getting started in system.

Transportation is largest barrier both for work and social.

Where he is right now; 2 many other patients.

No reduction

I'd prefer to have some residential support.

She needs to do exactly what she does now.

To be allowed to buy his own home via moving out program.

Jason needs a social life-period. He is alone too often all day

My ward would have to be moved out of my home to some other living arrangement.

She is a 24/7 care consumer.

I would prefer my ward to live by himself.

I would prefer he live with a sibling

Not to have anything reduced.

Help with transportation.

Neither. My ward might be able to work in paid employment without job coaching. If he were to lose his job he would need assistance with job development.

I would work to enlist neighbors, friends to help out

I would like a combination of work and arts and leisure activities during the day

With family

I'm very happy with his care.

Work never work out/more problems

I would prefer no changes at this time

My daughter needs to continue working to stay productive and happy.

For him to be happy as he is on his own to a point.

She lives with us and goes to school in fall.

Continue work as is with job coach.

FYI: We receive minimal services now.

I would need to evaluate the group services that were being offered.

I would prefer my ward get more help at work.

I would prefer she would be able to keep her present job even if it meant a reduction of hours due to budget cuts.

Maintain constant residential setting.

Neither.

No change

None of the above!

None of the above.

None of the above.

Ryan needs more help with outside interest.

When I can no longer live with her she will live with my niece, her cousin.

## Additional Comments

Q1. Marked 4 and also put "One in his unit-2 in the other unit duplex house." Q10. Leave as is! All are very important.

---

Next to Q10 - Equally important. Next to Q12 and Q13 - Typed "None".

---

Q12. Added a box with "None of the above" and checked it.

---

Next to Q10 choice 2 - Is this metro-type transportation or what - job coach? Next to Q12 - many civets before saying a "yes" - all choices depend on staff ratio, if wards have individual rooms outside house, opportunities of 4 or more living together, etc. back to "center" living. Next to Q13 - choice 1, 3, 4: going backward choices. Choice 1 to 4 integration please. Choice 1 -- sheltered work shops, hell no. Choice 2 - define please, maybe. like no pay supported employment. Choice 3 - clusters no! Next to Q14-Q16 - "ward's service" what service? This is not a yes/no question. Need specifics of what may/may not be lost.

---

Q10. All of these are essential to Gary. He needs constant supervision and cannot be left alone.

---

Q9. My ward did have a job coach and a job which he enjoyed. The funding for that ceased. So, my ward only attends MARC for day activities.

---

Q12. She already goes to a work service during the day. IMPORTANT (Underlined) to continue!

---

Q3 - Wrote "family" next to answer choice.

---

Q12 - None. By choice 5. We had this years ago. It worked but was closed to save money.

---

Q7. Has a job through SnackTyme, but only does 1-2 hours 2 times a week with day staff. Q8. But job coach is only day staff of same company. Q14. Perhaps, but reluctant. Q14-16. It is not acceptable to continue cutting funding. PEOPLE deserve support - it's time our government understood this.

---

Q13 - I don't like any of these!

---

Q14 - Yes, but it depend on the reduction.

---

Q12. None of the above. Q13. Wish no change.

---

Q7 Answered no at Q6, but put that she spends her day watching TV, reading, or listening to her CD's. Q8 She is too handicapped to work (mentally & physically). Q9 Put N/A. Q12 I would not want her away from me. I alone can understand her. Q13 Put "no" after. Q16 Sorry about all the no's but it is expensive to have a handicapped person in our home 24/7 365.

---

Q12. None-she needs to be alone! Q13. None-doesn't apply to her.

---

Q13 - I do not like any of these choices. They represent a turn backwards in time and go against the excellent philosophical approach Dane Co. has always embraced. Q14-16 - This question sets up a guilt-trip for the respondent. I don't know how anything could be reduced further. Comments on back page - The forced-choice format on this questionnaire disregards the fact that some respondents may have a viewpoint on the issue. I hope this survey does not represent the direction Dane Co. is going in. It is frightening to think that we would agree to drastically reduce quality and go back in time philosophically. Dane Co. is unique in its steadfast commitment to cutting edge practices. Are we abandoning that commitment? This surveys suggests a return to the dark ages.

---

Q12. Circled "Some People", Who are these people?! Added box None of the Above and checked it. Q14-16. If more people are accepted more funding should be made available!!

---

## Additional Comments

Q14. Maybe. Q15. Maybe.

---

Q12. None of the above.

---

Q8 - He has some help as he is blind.

---

Q2 - Sound response which we do not care for and are concerned about it. Q8 - at MARC.

---

Q14. She is at the lowest level now.

---

Q12. None!

---

Q9 - She would like to work more hours at Culver's but the MARC can't pay a job coach for more time. Q10 - All VERY critical to quality living. These are all VERY, VERY important and are somewhat inter-related. Q12 - I want her to stay in her duplex with 1 roommate! Q13 - I don't care for any of these options. I feel it is best if my daughter can interact and work with people with and without disabilities. Comments on back of survey - Questions 14-16 are difficult. I would feel bad if my daughter's services had to be cut, but I do know the urgency of some on waiting lists. I'm a single mom and have to work full-time. Perhaps if there could be other options - like me getting some kind of financial help/compensation for having her with me - with some respite help a few times per month. I understand both sides of this - there must be more options.

---

Q10. All others are equally important. Q12. None. Q13. Going to work in a place where there is NO distraction for persons with a disability.

---

Q10, 12, 13 - Put none of the above.

---

Q1. Her family supports her needs with a roommate who does have services. Q4. With massive help from her parents to non-disabled neighbors. Q5. She receives no home support services she needs them. Q8. Several they rotate through the week. Q11. She already has housing. And no residential services. Q12. None of these. Q13. My daughter has autism. None of these chaotic sensory landscapes would work for her and she would be problematic for all of them. Q14-16. These services give citizens a chance at an actual small life. They are not optional. I and my friends already subsidize the county by doing almost all the heavy lifting. Would you be willing to give up some of your health insurance benefits to fund the uninsured in Madison and Dane County? You know, eventually our children will begin to die and then, the number coming in to the system will be about the same as the number dying and there will be equilibrium test like regular people. These Sophie's choice questions are profoundly insulting. These are all PEOPLE. How about sharing your retirement benefits. Q18. And has been for years.

---

Q9 - Service is great. Number of hours of service is not enough. Q10 Choice 2 - This is the only of these services that my ward receives. Would love paid transportation and asst. at home. Q13 - Going to work in an integrated environment. Q14-16 - Don't hand us no guilt trip - we need more not less service. Comment on back page - I also would not be willing to accept a reduction in my ward's service to finance the war in Iraq or send up more space shuttles or build more super max prisons or.....

---

Top of page 3 - None of this page is acceptable. We cut money from our budget each year. These (below) are not acceptable!

---

Q12 and Q13 - None of the above.

---

Q12 - None.

---

Q8. At day care center. Q12. Choice 4. Has this now. Q13. None of the above.

---

Q5 - What services?

---

Q10 - NONE - These folks are vulnerable. You wanted her out of a protective institution to give her more freedom so now you'll have to ante up. Q12 - Thought we were moving away from congregate living. Your philosophy doesn't match your budget.

---

### Additional Comments

Q13. This would be the closest I could agree with. (option 3) I don't like the idea of operating from people from people without disabilities.

---

Q4. Pays 1/3 rent. Q10-11. We find it impossible to rank these services as they are needed for our ward to live independently. However, adding one or more roommates would be alright. Q13. already does this 3 days per week. (option 1)

---

Q10. Lives at home with people and himself. Family does it for free. They already did reduce it. Aug 1, 07. Q11. Already does this. (choice 2) Q12. NA lives at home does not pay family members 4 him. Q13. Marc East already does this. (choice 2)

---

Q9. Cannot work.

---

Q1. At home with mother and brother. Q5. I am his mother and guardian. I make sure all his needs are met. Q8. At promaga. Q12. No more than 4 (choice 1). Never (choice 5). Never (choice 6). Q14. We get minimal now!

---

Q10. All of the above are needed.

---

Q12 - None of these.

---

Q14-16 Underlined 'reduction' and marked not eliminate pointing to each.

---

Q14. Already had too big of a cut. Q18. Ben first.

---

Q13. None are appropriate. Q14. He is aging and becoming more frail so he may need even more services. Q15. But I would be willing to pay more in County taxes. Q16. See above (points to q15 additions).

---

Q14-15. This is not an option.

---

Q10. Nothing needs to be changed. Q12. None of the above - they're fine where they are. Q13. None of these, what a step backwards. Q14. There are other things that could be cut other than the services they receive.

---

Q5 - She has been on housing list for 10 years. Q12 - She needs her own room. Q13 - She is very social and would enjoy working around other HIGH functioning adults. Q18 - Housing for 10 years.

---

Q5. Too long of waiting list to move out. Burden to families. Caring for son for over 23 years (24/7). Q10. I refuse to rank these are all very important services. Q14. I'm on the waiting list. Q16. Service the people on the waiting list!

---

Q12 - None.

---

Q14. She only gets enough money for WORC to take her to work 3 days a week. Q15. She has no other support for anything. Q16. No fun things, no community time no nothing else!!! You can't take any more away.

---

Q14-Q16 - Depending on amount.

---

Q11. No change.

---

Q14-16. Don't know now.

---

Q12 - None apply. Q13 - Staying where she is.

---

Q13 - They can be productive citizens and earn money for themselves. They should not all be put in the same slot! Q14-Q16 - This is very unfair to ask, everyone should have services. How much more can be cut from services? Maybe money shouldn't be spent on parks and trails when people need services. Comments on back page - Maybe the elected officials need to be reminded when they make their budgets that these people have friends and families that CAN VOTE! The system is inexcusable as it is.

---

Q13. I can't say that I approve of any of these - it seems like we are moving backwards into segregation. Q18. For having services at a group home or assisted living right now he lives in mother's home - guardian.

---

### Additional Comments

Q10 - Doesn't apply to family living arrangement. Q13 - None apply.

---

Q10. All of these are equally important.

---

Q12. I would hope it wouldn't come to more than one.

---

Q10. Next to choices 2 and 3 - These go together.

---

Q13 - Would want to know more about each situation. Q16 - It is hard to check yes or no on many questions. I would like to see more people receive services. I sometimes think services could be more efficient, easy for me to say when pay is not too great for many of these positions. Deanna has had some great people working with her, some not so great.

---

Q3. Is with L.S.S. I am 83 years old. L.S.S. handles all Helene's services. Q9-10.

Check with L.S.S. Q12. None of the above, check with L.S.S.

---

Q13 - None of these.

---

Q5. She receives none. Q9. She receives none. Q10. None apply. Q14. I've been waiting 23 years myself.

---

Q12. With own room and her pets. Q14. Without hurting my ward. Q15. Capable high school graduates should be able to find some work on their own. I did, and my grandchildren are. Q16. There has to be a way to help all disabled without hurting others.

---

Q14-16. Maybe.

---

Q2. Because two of the young men on other side of duplex need 24-7 care. Q12. I feel everyone needs their own space. No sharing bedrooms or bathrooms.

---

Q12. None. Q13. My ward prefers to work in the mainstream. None. Q16. It is not that we are unsympathetic to the needs of others - but rather than reductions to what exists I would support raising taxes to support our most volunteer population!

---

Q10. My son gets limited support for work and some transport would be available if he walks to bus about 1 mile. (End of survey) My son has been on a waiting list for 12 years. His transport services are not available since we live in Westport 1/2 mile from Middleton City limits. With the lack of transportation his job opportunities and social arrangements are also limited. Please help soon.

---

The court has ruled that the nursing home is the most suitable productive placement for my ward.

---

Q10. One won't work without the other. Q11. Already does. Q12. None - lives with 2 others and staff can't always keep up because they also assist 2 in other side of duplex.

---

Q10. These are not services independent of one another they all fit together to bring independence to our ward's life! Q12. NONE. Q13. What ever happened to the concept of giving people with dev. dis. the opportunity to be integrated into the community and citizenry? These are all options which segregate people with disabilities. Disappointing! Q18. But she was for about 8 years!

---

Q5. Lives at home. Q10. If my child were living away from home. Q11. Already does.

---

Q1. She is very happy the way it is. Q10. "None" on each blank. Q18. Don't know.

---

### Additional Comments

Q4. House - Adult Family Home. Q6. All of her life she has from Jr. High to about 1 1/2 years ago has serious illness now down syndrome Alzheimer's. Q7. Worked for over 22 years - now with her illness she can't. Q8. She did for the 22+ years she worked. Q9. For all the years she worked. Q13. Think this might vary depending on the level of disability / independence. Keep those who are capable out working on 'normal' jobs as much as possible. "Integration". Q14-16. Due to medical needs, not a good idea to reduce service. However, my ward has always lived in group situations 5-6 in apt. complex. And now 4 in an adult family home for the disabled think the benefit / enjoy living with a little family rather than just 1-2 off in an apt. somewhere. Many people liked the concept of Ovehard Hill. Creating one of the facilities again (shared meals on weekends, lots of recreational activities biking / walking path on the grounds.) I think there could be some very positive / economical solutions to the funding problem. Always trying to integrate into regular society. But maybe more living together, etc. The many reference communities 'popping' up in Madison might be a role model for a DD community on a smaller scale if many active rides to community activities, etc.

---

Q12. Not acceptable marked for options 2-6.

---

Q4. 55 and over. Q10. NA on 2nd and 3rd options. Q12. None of the above It didn't work and she was in hospital regularly when there was 4 people. Q13. None of the above. She is 68 over retirement age. Q16. She has never been as (unreadable word) free and healthy as she is now! My ward needs will increase or decrease based on her age. How is the Go. accounting for this? What is this doing for the aging clients in the Go? This has to be considered. THINK!!

---

Q6. Self-employed, works out of residence but also markets reflector WORC - route/transport with help from parents. Q7. At residence, in/the shop-at residence/all over Dane County/Jefferson City on/route - markets: Stoughton Cambridge Jefferson, Madison-Deerfield London Attends community events/trap shoots for ALV cans for bizz- restaurants other bizz stores - all over - markets on bike. Q10. Reflects self employment. Q12. Moving out program with bizz at residents vision to other disabled assistance self employment as bizz expands. Q13. Micro enterprise/self-employment.

---

Q5. We are employed by Homeward Bound of Saul County. We live on the line (river) of Saul and Dane County. No one can supply us with companionship or respite. Q6. I take him to a local hardware store 1 hour a day. Q7. At home - in sandbox (age 37) or in garage sawing boards in two - or on lawn playing with toy tractors. None keep his attention for long and are below his age appropriateness. Q12. Continue to live with family with assistance for day services. Q13. Our son can only stay on task about an hour at a time - maximum. He needs variety and loves to watch people. Q14. We already have! Q15. We as parents have sacrificed a lot to have our son live with us. This is very different and we do it because no one else seems to be able to give him the care he requires to function without extreme medication for outbursts and behavior.

---

Q5 - We do not receive residential services. Family provides all services. Q10 - Choice 4 - We are not receiving this service now, if my ward lived in an apartment this would be very important. Q11 - Both seem unacceptable.

---

Q16 - Not sure. Comments on back page - I think people such as my ward should be able to continue working in the public eye. There are many people moving into Madison because of more assistance for the handicap compared to their current city or county. The load is getting bigger each year, let's go by the years they have been a resident in Dane Co.

---

### Additional Comments

Q11 - She is limited in her abilities. Q12 - Needs controlled living arrangements. Q14 - A small amount.

---

Q3. Other - also awake staff for other residents (primarily). Q10. No answer - All is now at minimal level of staff. Q11. No answer - Already with three already in group. Q13. Already at Marc. Q14. No - already at minimum level of support.

---

Q10 Choice 3 - Safety issue. Q11 choice 1 - No. Choice 2 - Already doing this. Q14 - Well written leading question. Of course I want people off the waiting lists, but at the cost to other adults?! How about providing funding from say your land? Purchases pot. Q15 - How about the well funded land purchases of Dane County budget. Q16 - Should be separate funding. Comments on back page - The entire system needs to be restructured towards a non-profit concept. Some very large for profit organizations are clearly in town.

---

Q5 - N/A She doesn't receive any. Q9 - We are changing agencies.

---

Q10 - Put X's on the 3rd and 4th choice. Q12 - None of the above, would hope can stay the same.

---

Q11 - What happened to inclusion and least restrictive environment? My ward moved from living with family to group home to apartment with live-in staff to apartment with no live in staff. All these options are regressive! the goal was (and still needs to be) normalcy. You can't warehouse people and isolate them from society by forcing group living and sheltered workshops!

---

Q1. Live in attendant. Q12. None. Q13. Continue what he has now.

---

Who directed this survey? Q10. N/A on 2nd and 3rd options. Q12. Of various abilities at the end of statement 3. Q13. Not applicable for Jeff.

---

Q8. Thru DeForest High School. Q12. No written through the last 2 options.

---

Q10. X through first option. Dad and Grandma. Q12, Q13. NA through the answers.

---

Q5. Underlined very dissatisfied and added terrible. Q10. Marked the 4th option with an X. The current system has exempting service for people who have funding but at the expense of hundreds of people on the waiting list. It is possible to provide decent service to more people (ie not everyone needs their own apartment). It is immoral to keep hundreds of people waiting - especially because some of these families really are in very difficult situations. A program that provides only emergency placement is a failed program. Please change things.

---

Q8. For hospine only. Q10. Our caregiver is parent support. Q12. None. Our ward pays what he can from his paychecks all other is private pay where we help him out.

---

Q8. Student-assistant-through school.

---

Q5. Does not apply yet. Q7. During school year, he works 2 1/2 hours in school dish room. Summers he sits at home. Q8. But he will need someone when he gets out of high school. Q13. Do not like any of the choices. Do not like the segregation idea! Q18. Has been interviewed by Dane County, but do not believe he has been placed on the list yet.

---

Q12. None. Q14-16. N/A.

---

Q11. Does not apply.

---

## Additional Comments

Q1. My ward requires 24/7 care. Living with others would be too disruptive to he and them as his sleep patterns are widely fluctuating. Q5. My ward is under funded presently. Brolcer would verify this. Q10. It is not possible to lose anything. Q11. Those who are over-funded could be reduced. Avoid cross the board cuts that would affect the under-funded. Q12. My ward is 24/7 in terms of care needed. Q14-15. While I would like to cut services to help others, this simply is not possible. Q16. Keep the brain injury waiver. Q18. My ward is totally blind, totally deaf, autistic, self-abusive - requires total 24/7 care, and is under funded, presently. Dan Johnson for Johnny Woolveston.

---

Q8. MMSD. THANK YOU VERY MUCH section. Arrived on the 13th!

---

Q9. N/A. Q10. Check mark through option 4.

---

Q5. N/A No outside support at home.

---

Q9, 12, 13. Does not apply.

---

Q10. Check marks through the 1st and 4th options.

---

Q10. She likes to live where she is now. Q12. None of the above. Q13. Day Center at the Colonial Club.

---

Q12. None of the above-see question 11. Q13. With supervision.

---

Q12. I hate them all this would be the best if there was enough staff assistance and they each had their own bedroom. Q16. I don't check no because I'm selfish but because they already had services reduced to a level I consider nearly unsafe. I would be willing to pay more taxes or even to individually tax families using assistance.

---

Q12. None. Q13. Does not relate well with peers.

---

Q14. Perhaps?

---

Q13. None apply.

---

Q12. NO WAY marked through nursing home. Q13. N/A.

---

Q10. Only important service. Q14. Somewhat.

---

Q12. Maybe on options 5 and 6.

---

Q5. Hoping the move will make a difference. Q8. Now I think she does to stay on task. Q12. Absolutely on 3,4,5. Option 6 only for the elderly or people who need full nursing care. Q13. Option 1, if there is such a company (volunteer). Q14. Already have she now has 2 roommates in a duplex instead of 1, and if we can allow the ward to live in an assisted living with more than 8 beds, not sure if this reduces the cost or not. Q15. If assisted living housing could be used to reduce costs. Q16. No if it is due to the person's negligence drug or alcohol caused crash by their personal use of drugs or alcohol and they were the cause of the crash.

---

Q10. Transportation is meaningless w/o a job - and a job is meaningless w/o transportation.

---

Q1-3. Notes parents. Q5. She doesn't receive any home support only her SSDI. Q9. Budget cuts in this field are limiting her. Q10. NA through option 1,3,4, doesn't get option 1. Q18. For what?

---

Q13. Non apply - she no longer works. Her age and health are such that she can't. Q16. My feeling is this person worked for 42 years and now is unable to work because of age and health and going to the senior center is her time to finally enjoy with her friends what time she has left.

---

Q10. All are equally important! Q12. The switch from 2 to 3 hours had problems staff etc. Q14. We have in the past. Q18. Any increase in roommates would require extra bath rooms bigger family rooms and more staff!

---

## Additional Comments

Q5. She lives with parent. Q8. Case mgr. Q10. All are important! Q13. But only person in setting like fast food facilities or currently working in this setting. Q14. Eventually as she ages. Q15. But depends how drastically it happens! Q16. Again depends how drastically it happens. Q18. For residential services.

---

Q2. Lives with parents. Q5. We get NO support! Q14-16. What service??

---

Q8. Don't know.

---

Q14. How would she be reduced in service, maybe. Q15. Maybe. Q16. I don't know. I don't understand the reductions. Perhaps.

---

Q1. She had a roommate - but that doesn't work out. Best to be alone. Q2. Absolutely must have. Q3. It must be. Q4. That her brother owns. Q5. I am very very satisfied at the moment. It is hard when staff changes. Q9. I feel so fortunate to have my daughter with community work services....the very best. Q10. I can't differentiate between 1. Her living arrangement. 2. Her staff and. 3. Her job - 5 days a week. All are equally important to her and to me. Q12. I do not want any of these arrangements. Q13. My daughter enjoys seeing her disabled friends at work along with non-disabled peers. She feels happy to be part of the community...and the community benefits too. Q14. Is there no other way to raise money than taking it away from those now being served? Q15. I feel guilty answering no - but I finally have a reasonable situation for my daughter that I don't want changed.

---

Q8. When she has a job.

---

Q2-3. Not too sure what you're asking. Q13. I need more information on these questions. Where he lives now is wonderful. Q18. I don't think so.

---

Q1. I can share a bedroom 2 other women are housemates. Q10. Very hard question to answer all are important. Q14. Too hard to answer - my ward has high needs and his personality is such that he may get easily annoyed with (?) support.

---

Q11-12. NO.

---

Q12. Without knowing the staff support ration I could not check any that apply. Q13. Without knowing more about the setting, support, etc none would apply.

---

Q5. Our ward does not have a residential budget still lives in her family home. Q9. Goes to day program MARC South. Q10. Day program Marc South. Q12. At this time if she received a budget for residential budget which she does not at this time, she would only tolerate living with 1 maybe 2 other people with disabilities in a house setting. Q16. We already have a bare bones budget for our ward there isn't anything to spare in order to make her able to participate in a type of community inclusion.

---

Q1. Effective 8/10/07. Q5. Have been dissatisfied with residential services received while living in shared apartment - my ward has had much turmoil in problems with roommate's staff. I believe her move on 8/10/07 to an adult family home is positive for my ward. Q10. My ward is going from a two person apartment to a four person adult family home on 8/10/07. Q12. Have just authorized this. Q13. Ward's age (70) I would be willing to authorize this. Q14-16. How can my ward's services be reduced further than they are now????

---

Q13. What ever Valley Packaging is by above category. Q16. I don't know where we can reduce. I subsidize his expenses etc as is. His drain on the County is minimal.

---

I have saved the county a good deal of money by having my daughter at home and caring for most of her needs. I think it is awful that she is asked to give up more service.

---

Q5. He's the very best ( top notch). Q10. Number of residents is important because the staff and residents are a family. Q13. MARC center has both work and play announcements.

---

## Additional Comments

Q12. David used to live at Orchard Hill where he was in a cottage with 6 or 8 others - Families are larger than 2. David has 4 brothers in his family. Q14-16. Difficult questions to answer - a yes to all 3 only if all options have been explored. We need to convince legislators that we need money to care for all who can't care for themselves. It's a moral issue.

---

Q9. The level of satisfaction is based upon the excellent support provided by the individual service providers. Q10. All the services are important. Q13. This is going backwards not forward! None of these are acceptable. Q14. Are you trying to have everyone compete for services? We all need them. Q15. Not an acceptable question! Q16. Especially if the injury is a result of an accident or a motorcycle riding without a helmet. Q17. We find questions #14 and #15 as written difficult to answer as the extent of the reduction has not been quantified. If you want more information contact us in person. Natalie and Keith Yalinec 238-3208 or nyalinec@charter.net.

---

Q10. All are necessary. He is unable to do these things by himself. Q12. None of the above. The state closed Orchard Hill a few years ago because this was unacceptable (3rd box). This was found unacceptable 40+ years ago when the centers were starting to be emptied and Orchard Hill was build by parents. (5th and 6th boxes) Q14. This is an unfair question. It pits one person's needs against another's. If this were done, most likely nobody's needs would be met. Q15 and 16. See note in No. 14. These 3 questions are an insult to the Arc-Dane Co. (formally MARC-before the present MARC workshop) whose members have worked for over 50 years to get good care for ALL developmental disabled people.

---

Q8. Don't know.

---

Q12. Prefer none of these. Q13. None.

---

Q9. Very satisfied with personnel, very dissatisfied with jobs provided. Q18. Yes Rock County, no Dane County.

---

Q10 - All equally important. Q12 - None of the above.

---

Q7 At his jobs and then at home. Q13 None of the above.

---

Q12 None at present.

---

Q5 Since the ward is receiving services from his mother, who is his guardian. As his mother I give him the best support I'm able. This isn't a fair question because I believe the ward should be living on his own like the rest of the 20+ adults in Dane County.

---

Q12 None.

---

Q8 2 He will have when school starts.

---

Q13 Not real happy with any of these. Q15 Slight reduction. Q16 Slight reduction.

---

Q13 None.

---

Q12 Put the County supervisors in prison and then ask them which appendage they'd like to lose. That's how this feels. Q13 Visiting the County supervisors in prison where they work making license plates.

---

Q13 Added: They all seem discriminating. Q18 Added: But still in school.

---

Q9 - 1 CWS. Q12 No at end of each statement. Q13 No to end of each statement. Real Job is what he needs and has had for 11 years. Q14 Have been for last several years. Q18 I wish there would have been the opportunity to note family contributions of time and money.

---

Q5 Because we never have one. Q12 1 Assisted living facility. Q14 N/A My daughter is only on waiting list. Q15 N/A.

---

Q12 Added a large question mark. Q13 No in front of each statement. Q14,15,16 Added ? Why should I have to pick anything. Q18 ?

---

## Additional Comments

Q10 She was in a group home before and at that time I questioned a move to a semi-private accommodations as cost effective.

---

Q11 Non-disabled or at least 75% non disabled to 25% disabled, students, lower income people, healthy older people. Q12 See above #11. Q13 Added none of the above; Pay natural supports some money to assist. Q16 Added see #11,13 for cost reductions. Q18 People need to see federal participation as income to state! Where else does the state monies get such a match! And all those dollars spent create jobs and go into local economy. It shouldn't be looked at as costing money but attracting other monies.

---

Q5 I care for Brad, I have no services.

---

Q14 Unable/unwilling to answer. Seems to me that the wrong group is being asked to give up modicum of living standards of help others, rather them to rely on others whose living standards are so much greater, to help support disabled people.

---

Q12 -5&6 No way.

---

Q10 All equally important. Q12 not acceptable see # 11. Q13 not acceptable see # 11. Q18 Let us please remember and place value on the long history and growth, continuing today by family, health care workers, professionals in work and supportive agencies in advocacy for those who cannot do it alone. Let us know the depth of what makes it work. Let us please not rob Peter to pay Paul. As a society we will be judged by our humanity for all. How we look out for one another.

---

Q5 Parents provide. Q13 Daughter is currently at home with no work, any day service outside of home would be welcomed.

---

Q5 She receives none.

---

Q11 1 Community Support Networks. Q13 Not acceptable. Q14 Share services. Q15 Share do political action raise money and awareness. Q16 Share - Political action; raise money and awareness.

---

Q5 No services. Q9 No services. Q14 No services now.

---

Q4. Owned by my parent. Q7. Memorial High School. Q18. 0 Adult DD waiting List.

---

Q9. Satisfied w/transport support through school system. Q11. That the government quit wasting money on elaborate dinners or visiting dignitaries and help the people who need it most. Q13. What revolting suggestions, are you serious?

---

Q12 He is living in parents home with one other person with developmental disabilities.

---

Q14 He would not be safe with less service.

---

Q15 I don't understand the question.

---

Q12 We did all of these at one time. We do not want to return to this.

---

Q5. None on waiting list. Q14. So, you are asking if we are willing to give up services to help someone else? Yet, he is on the waiting list himself. The question implies that this is a zero-sum game where we are all pitted against each other. I see several young people living with 1:1 support, which puzzles me. The system for residential needs to be overhauled.

---

Q11& Q12 Not applicable.

---

Q14 We are on the waiting list. Q15 My son is near high school graduation.

---

Q12. Absolutely NOT on last two choices. Q13. None, less go back to Segregator.

---

Q12 None. Q13 None I do not accept this premise.

---

Q5. No residential services! Q.10 She already gets less than she needs! Q11. I'd prefer to have some residential support. Q13. None of these! My word! Is very successful and productive in (not legible) with minimum support! Q14. She already gets very little. Q18. For residential.

---

### Additional Comments

Q14. Need to know more. Q15. Don't understand question. My daughter just entered Dane County System. What would change? Q16. Need to know more. The envelope for this form was stamped 8-11-07. Not enough time to get it in by 8/13!

---

Q12 None of these, it's terrible. Q13 None, terrible, this is treating people worse than dogs.

---

Q8 He does not work, however, he needs staff to support him during the day.

---

Q10 Left blank and politicians take them in and help them out. Q11 Left blank and added politicians home. Q12 Left blank and added; The Governors Mansion. Q13 Left blank and added; Let John Guard take care of it. Q14 Left blank and added; Those on the waiting list should visit their representatives. Q15 Left blank and added; No children left behind. Q16 Left blank and added; Just thinking about this could cause brain damage.

---

Q12-Q13. Are you planning to put people in sheltered workshops shut away and segregated?? This was stopped because of neglect and corruption. I will bring my son home with me! This all points backwards to what used to be institutionalization! NO WAY!! Why was Apple Hill closed??!! End of survey - Please do not use the word "ward".

---

Q13 None.

---

Q12 None. Q16 This is society's responsibility and they need to come up with the money to pay for it.

---

Q5 We recently moved to Wisconsin during my wife's illness/death and since living in Tennessee, where Jason graduated, he has had little to NO assistance from the state. Q7 He spends his time alone at home while I work. Q9 No assistance has been provided. Q13 Anything would be better than nothing. Q14 Left blank and added Need more information. Q16 Jason was born with Downs Syndrome and has dealt with it all his life. Q18 I hope so-according to his case worker, Joe Purcell, he is, but we have heard nothing. No updates.

---

Q12 - My ward is not DD. Only a mild cognitive delay with severe physical disabilities. Q13 - Ward does not have DD. Needs mental stimulation. Cannot do repetitive, manual task of DD work sites. Q14 - I am already subsidizing my ward. I am willing to pay more taxes to help more people.

---

Q12 Left blank and added none of the above. Q13 Left blank and added none of the above. Q14 Left blank and added; Maybe, we are eager to develop more independence. As he becomes more able to work without assistance, we would be reduce job coach time. Q15 left blank and added; Maybe, see above. Q16 Left blank and added; Maybe, see above. Q18 added; Housing only, which now we don't plan to activate.

---

Q8 - Unclear role. q12 - How many in each room/unit? q16 - Where is National Health Insurance? Iraq veterans - military benefits?

---

Q9 From school. Q14,15,16 We are on a waiting list.

---

Q10 - Really all are equally important. Q12 - None of the above.

---

## Additional Comments

Q5 Residence is not clean, I clean areas on a weekly basis when I'm there. Eat wherever they please and whenever. Coordination and communication a concern. Too many individuals. Different staff almost every day and night and at least skilled person works weekends. Q9 Seems expensive for amount of time spent with client. Needs afternoon hours until 3pm or 4pm when house support arrive at their house because of medical issues cannot stay alone. Q12 Presently living with 2 others, it is chaotic and noisy. One is personally challenged with socially inappropriate behavior, makes life difficult for others. Q13 Client has worked for 21 years independently getting to and from work, all this seems like we're going backwards. Need more supervisors now and help segregating DD. Aging changes things but not this way.

---

Q11 Has already done this. Q12 Needs own room. Q14 Only if it didn't put my ward in a position where their safety and quality of life would be less.

---

Q9 I think Joe would do better if he is able to keep busy. Q12 None of the above. Q16 I question my ability to decide that.

---

Q12 None. Q14 This is an unfair question. It took many years, pain, heartache, and work to get what he has now.

---

Q5 What home support services? Receives none. Q18 Only housing.

---

Q12 Stay at home if possible.

---

Q14 We waited a long time for services. John lived at Verona for 16 years. Q15 John is a high school graduate.

---

Q8 An assistant from high school.

---

Q11 My son just moved in with an additional person, but don't want group work.

---

Q12 Left blank and added; Living in Apartment. Q13 Left blank and added; He has disability of understanding reading and writing. Q14 Don't think it's fair to drop someone for someone else. Q15 Added; He graduated from Special Ed. Q16 Our son HAD a Brain TUMOR removed.

---

Q16 These are very hard to answer as she just turned 18.

---

Q9 School supported. Q16 Maybe.

---

Q13 None of the above is a good choice.

---

Above Section C. "None" of these ideas are acceptable! Peg needs more services - not less! MLM

---

Q1. Adult Family Care Home. Q13. Pathways. Q17. Age 52. Born 11-1-1955. Robert J. Anders Father, Guardian of Stephanie C. Anders.
