### Dane County Department of Human Services 2026 Request Budget Summary

Today, the Dane County Department of Human Services released its 2026 Annual Operating and Capital Budget Request. It comes at a time of economic and political uncertainty, and a time when our county faces a \$31M projected deficit. As we approached this year's budget, our request was driven by one of our most important service principles – to maximize human services for the people of Dane County that balances fiscal responsibility and compassion.

We are steadfast in our mission to **maintain the focus on service to our community**, as Dane County Department of Human Services has always done. We know that budget reductions have real impact on the everyday lives of people in our community and are committed to identifying ways to minimize impact. We will continue to prioritize the high standard of excellence that our community has come to expect from Human Services.

In the coming year, we are going to collaborate with leadership teams, community members, partners, and staff **to leverage what is in our control and to mitigate issues that are not**. With this in mind, Human Services prioritized the following in order to fearlessly face the 2026 budget together:

1. Protect, recognize, and retain the greatest number of DCDHS employees possible so they can continue to provide services that our community needs, deserves, and expects.
2. Deliver services more efficiently to save county resources, through new partnerships, technology, ideas, and no-cost opportunities. Agility is critical and must be leveraged to identify new funding revenue streams to strengthen Human Services for the future.
3. Through thoughtful analysis, assess and adjust programming to match the current community need. Use financial and service data, input from staff, management, and the community to make decisions that right-size without diminishing services.
4. Minimize capital requests.

We will look to our leadership teams and **staff** – a dedicated, efficient, effective, and caring group of individuals – to support, to listen, and to provide ideas and dream together. When hard times fall on our community, our staff also feel that, both personally and in their work. We will be seeking opportunities across the department to develop efficiencies, consistency in our practices, and ways to celebrate the outstanding contributions in order to keep spirits lifted. This will have a direct benefit to our consumers.

We will look to the **community** for new partnerships, and neighbors helping neighbors. We ask that those of you who can get involved find places to volunteer, a neighbor to check in on, or a friend to call. We can all play a role in building a stronger safety net by joining hands together to create a safe and just community fabric so strong that we will emerge from these times together, connected, and with new knowledge gained.

We will look for **innovation**. We will search for opportunities to generate new revenue, utilize technology, and share resources. We will learn lessons during this time that we would not have in times of growth and plenty. Some of the best ideas come from the ground up and we will seek those from all areas of the community.

While these are all things within our control, we must also consider how to mitigate the effects of those that are not. We are going to meet challenges fearlessly – head on. Federal cuts and increased demands on states that translate to mandates for county services will inevitably add pressure to our staff and our community. We anticipate that the fiscal budget the next few years will be tight. Our responsibility to all of you and to the community that we serve, is to plan accordingly. With that said, my commitment to all of you is to make data-driven decisions thoughtfully and with empathy. Less money means that our customers may see reduced services. Not because programs were not important, but because some hard decisions will be made in order to maintain a budget for services that are essential to the human services mission and to our community.

We will apply lessons of the upcoming year, continue to seek right-sizing of programs based on data that reflects community need, celebrate outstanding partners, staff, and innovations.

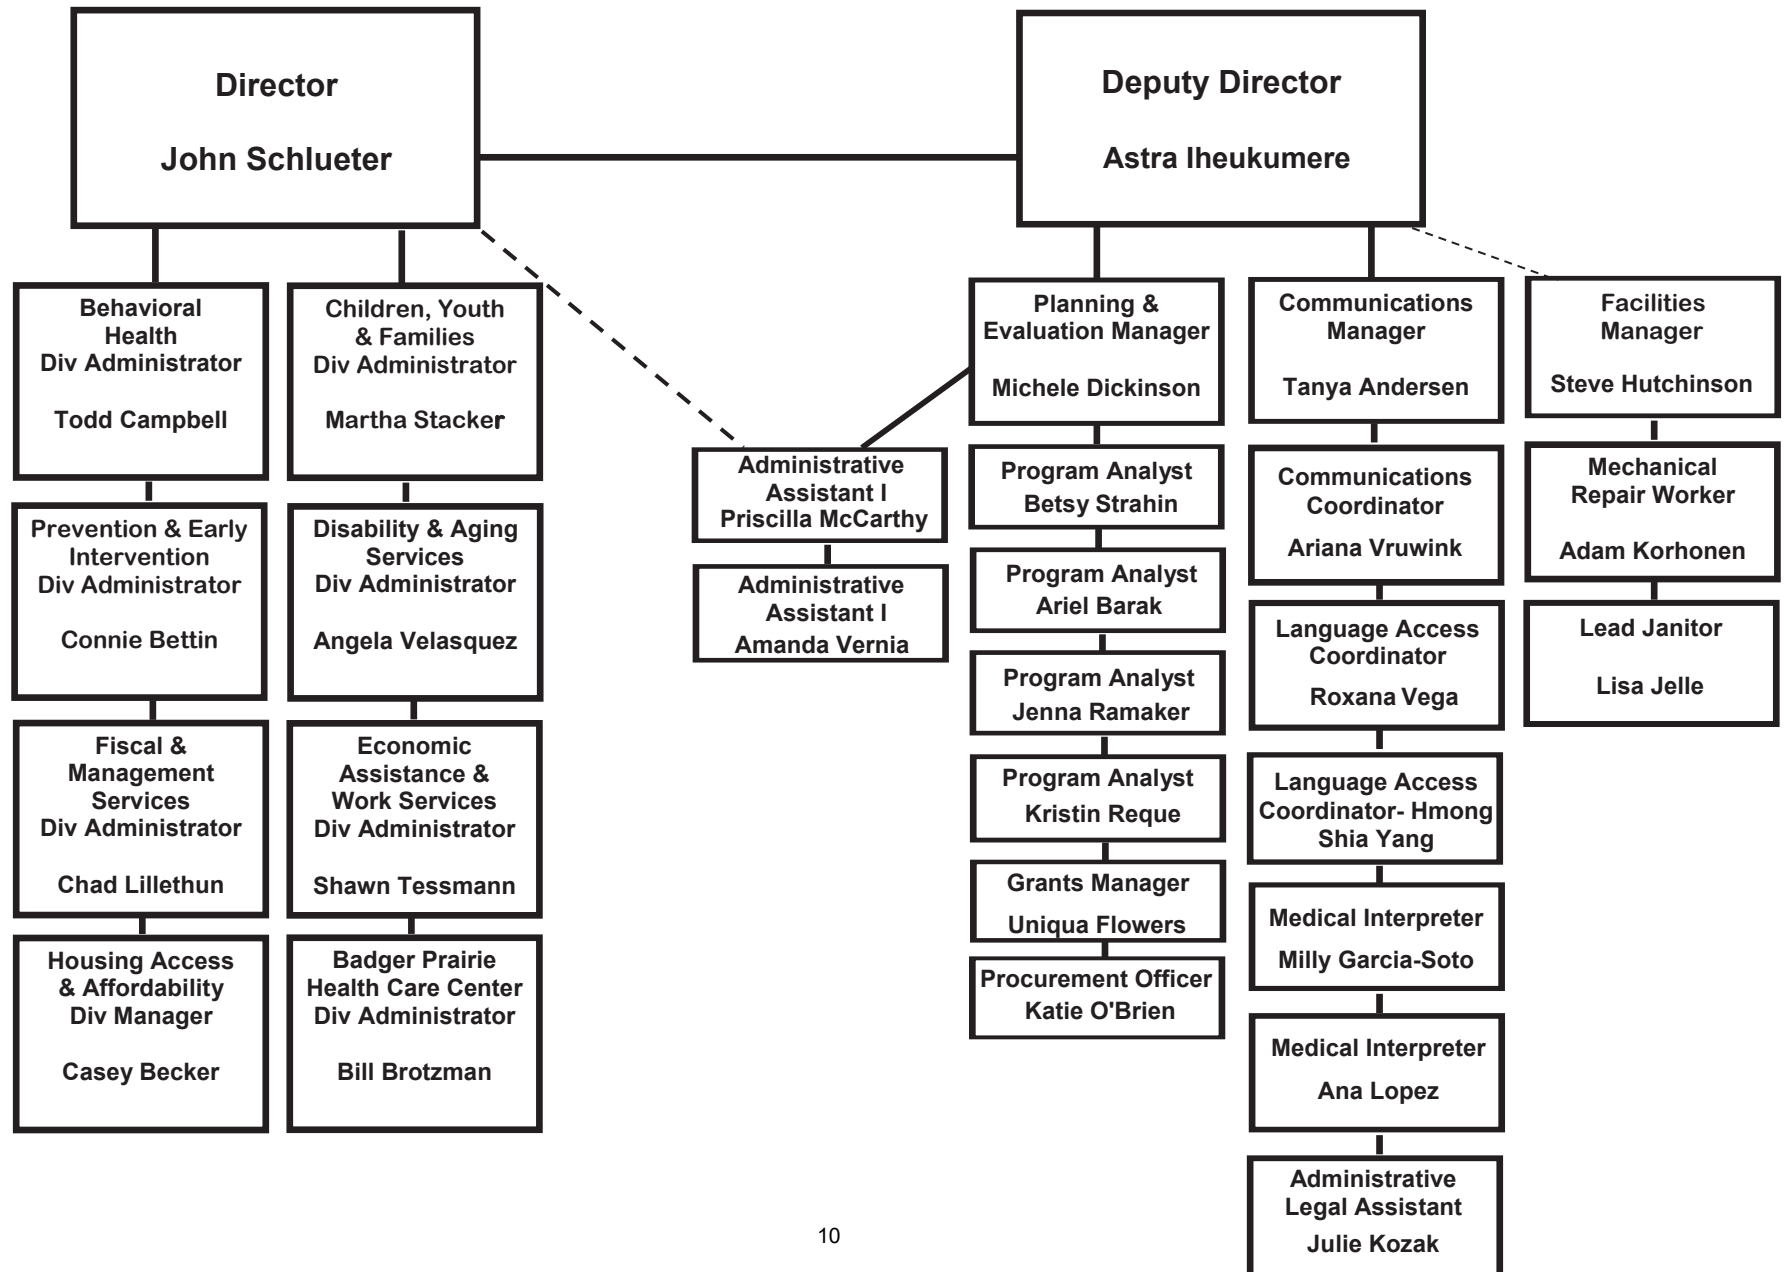

To best serve Dane County, Human Services will make strategic tough decisions while maintaining humanity and compassion that defines our organization and makes Dane County a great place to live and work. The department's request contributes toward the Dane County deficit correction by meeting the required 4% base budget reduction target for General Purpose Revenue in the amount of \$4,746,017. A primary budget highlight is the design of this funding reduction which minimizes service delivery impacts affecting Dane County residents.

Thank you, to the community, for your partnership and support. And, thank you in advance for your fearlessness as we move into the coming year. And, thank you, to our staff, for choosing a career in service to others.

A handwritten signature in black ink, appearing to read "J. A. Schlueter". The signature is fluid and cursive, with a long horizontal stroke at the end.

**Mission:**

The mission of the Area Agency on Aging of Dane County is to:

- Advocate for older adults to enable them to maintain full potential and enhance their quality of life;
- Affirm the dignity and value of older adults by supporting their choices for living in and giving to our community;
- Create and promote opportunities for communication among the entire community.

**Description:**

Pursuant to the Federal Older Americans Act, the Wisconsin Elders Act, and in cooperation with the Area Agency on Aging Board, staff provide and purchase the following: senior nutrition program, case management services, transportation, elder benefit specialist services, volunteer opportunities and supports for caregivers of elders and for older adults who are primary caregivers of minor aged family members. AAA also conducts ongoing assessments of service system capacity and gaps, and develops a three year County Aging Plan including initiatives consistent with identified needs and gaps. AAA coordinates services offered by Dane County and community agencies, prepares and submits reports required by various bodies, and promotes/coordinates working alliances with public and private sectors to increase awareness of aging programs and major issues facing older people. As the proportion of older adults in the population continues to increase, long range planning, including resource development to meet future needs, is a critical component of the work of the Area Agency on Aging.

<b>Dept:</b>	Human Services	54	<b>DANE COUNTY</b>	<b>Fund Name:</b>	Human Services
<b>Prgm:</b>	DAS Transportation	304/48		<b>Fund No:</b>	2610

**Mission:**

Dane County Department of Human Services provides individual and group transportation services which enable persons with disabilities and older adults to access their communities and needed services. Transportation assistance may also be provided for low-income families or persons with unique medical transportation needs.

**Description:**

This unit manages a number of grant-funded programs that foster independence for individuals in the community. By operating a Transportation Call Center as a single point-of-entry for transportation information in Dane County, staff provide information on all available transportation resources, including public transit, human services programs, vehicle acquisition and repair loans, ride sharing and other programs. Call Center staff can determine eligibility, arrange for individual and group rides, authorize specialized transportation and related programs, and enroll individuals in mobility training and bus-buddy programs.

**Mission:**

Dane County has aligned its Youth Justice & Prevention (YJP) Services around the Balanced Approach in response to the needs of youthful offenders and the protection needs of the community. This is accomplished through a coordinated planning and implementation process focused on expanded allocation of resources; establishment of a youth risk assessment; determination of required types and levels of supervision services; coordination of Department, Juvenile Court Program, purchase of service providers and other youth services; and evaluation of service effectiveness. The Balanced Approach promotes individualized, holistic services with children, youth and families together with community-based, collaborative prevention and intervention wherever possible.

**Description:**

The needs of juvenile offenders differ in terms of offense, offense history and likelihood of recommitting crimes, emotional needs, educational levels, acceptance of criminal behavior and other factors. The needs of the community for protection have heightened in recent years due to increases in serious juvenile crime. Effectively addressing youthful offender needs and community expectations requires an understanding of the individual and community, as well as knowledge and flexibility in applying different supervision methods and strategies. The Youth Justice & Prevention (YJP) building is a significant part of the Children, Youth, and Families Department of Human Services YJP area. YJP offers innovative preventative, Community Supervision Services and Early Intervention Services to boys and girls ages 10-17 who are delinquent or at risk for delinquency. Programming seeks to redirect youth, promote pro-social behaviors, build youth competencies and protect the community while holding youth accountable for their behavior.

<b>Dept:</b>	Human Services	54	<b>DANE COUNTY</b>	<b>Fund Name:</b>	Human Services
<b>Prgm:</b>	Child Protective Services	305/54		<b>Fund No:</b>	2610

**Mission:**

The CYF Division uses the Statewide model premised on the belief that the role and purpose of Child Protective Services (CPS) is to assess family conditions, circumstances and behaviors to determine if families need agency services to keep their children safe and to provide and coordinate such services when needed. Health and safety of the child is the paramount value in CPS intervention, and the best environment for providing health and safety is a permanent family. Successful prevention and intervention requires various levels of family involvement in determining the focus and design of participation, treatment and safety plans. Child safety is a product of family and community systems, as well as, the actions of individuals.

**Description:**

Wisconsin State Statute 48.13 presents the situations in which Courts have jurisdiction over children alleged to be in need of maltreatment-related protection or services. Intake staff assess allegations of child abuse and neglect and perform initial assessments on cases that are screened in. Once the assessment is complete, a decision is made as to whether the allegations are substantiated or not and whether to open the case formally or informally for ongoing services. The goal of the ongoing Social Worker is to assist the family to successfully complete the conditions of the court order or voluntary agreement. Assistance includes supervision and case management services, oversight of out-of-home placement situations, and referrals, as appropriate, to community-based services. Chapter 938.13 directs Dane County Department of Human Services (DCDHS) to work with juveniles who are either children in need of protection or services or are delinquent (children who have committed law offenses). DCDHS attempts to work with juveniles and families on a voluntary, non-court basis.

**Mission:**

The Dane County Department of Human Services (DCDHS) provides prevention services for children, youth and families throughout the county including after school youth development programs, family stability and support services, job readiness training, health and wellness, and sexual assault prevention services.

**Description:**

The Dane County Youth Commission is a County ordained body charged with youth advocacy. Since 1980, the Commission has surveyed youth in grades 7-12 regarding their opinions, concerns, attitudes, behaviors and experiences. Survey results provide essential data and "youth voice" to educators, service providers, parents, policy-makers and funding bodies to inform grant writing, program development and public policy. An array of prevention purchased services provide programming to support youth, adults and families.

**Mission:**

The primary goal of DCDHS community programs is to provide resources and services that support families and children. Our mission is to prevent and mitigate risk factors while supporting and providing opportunities for positive early childhood development, adult educational and employment opportunities, and that promote family strengths and stability. All services are offered through an equity and racial justice lens.

**Description:**

The Community Restorative Court (CRC) is a diversion program that provides young adults ages 17-25, who have committed municipal, misdemeanor or felony law violations in Dane County, with an opportunity to repair the harm their actions have caused. Its primary goal is to prevent future involvement with the criminal justice system. The Early Childhood Initiative (ECI) and Early Childhood Zones offer voluntary home visitation, 2-Generation model of services to pregnant women and families with children aged 0 to 4, and educational, employment, housing and mental health support services as needed. The Immigration Affairs Office (IAO) provides outreach, case management and advocacy services to DCDHS clients and non-Department involved immigrants and refugees residing in Dane County. IAO staff actively collaborate with local partners to coordinate services and mobilize resources. Joining Forces for Families (JFF) is a community-based social work model located in fifteen neighborhoods and communities throughout Dane County to support families and adults, allowing direct access to services in the community. JFF workers partner with area schools, neighborhood centers and other stakeholders to support local families and build capacity in communities.

**Mission:**

The mission of Alternate Care is to provide the best possible resources for children between birth and 18 years old who are in need of out-of-home care. Consistent with the Prevention and Early Intervention Division's mission and philosophy and the Family First Prevention Services Act (FFPSA), all reasonable efforts are made to help families remain intact and to keep youth in the community. However, for those children and youth unable to remain in their parental home, the Department funds a continuum of alternate care resources. Children are placed in the least restrictive setting that effectively meets their needs, and efforts are undertaken to reintegrate children with their families whenever feasible and to keep institutional stays to a minimum.

**Description:**

Alternate care services are provided along a continuum from least to most restrictive and are consistent with State Statutory mandates of Chapters 48, 51 and 938, Administrative Code DCF 56. These services include foster parent recruitment, mentoring and training, foster care, treatment foster care, kinship care, group homes, residential care centers and youth correctional institutions.

<b>Prgrm:</b>	CDBG-General	416/00		<b>Fund No:</b>	2720

**Mission:**

To develop viable urban communities by providing decent housing, a suitable living environment, and by expanding economic opportunities, principally for low-and-moderate income persons in the participating communities of the Dane County Urban County Consortium in a manner consistent with funding requirements and local and County land use plans and development goals.

**Description:**

Dane County receives an annual allocation on a formula basis, as an Entitlement Community, from the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG) program. Funded projects must be a part of the County's Consolidated Plan and Annual Plans developed with encouragement of and opportunities for citizen participation. Every CDBG funded activity must meet one of three national objectives: benefitting low-and-moderate income persons; preventing or eliminating slums or blight; or meeting other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available, such as for natural disasters. 70% of funds must be used for activities that benefit low-and-moderate income persons. The CDBG Program provides grant and loan funding for housing, economic development, public facilities, and public services to local municipalities and public and private entities that serve participating communities of the Dane County Urban County Consortium.

**Mission:**

To assure a safe, compassionate and effective response to anyone in Dane County who is experiencing a behavioral health crisis or is seeking behavioral health resources.

**Description:**

This unit in Behavioral Health is responsible for establishing and maintaining a crisis services continuum that provides the proper level of intervention and follow up to those who are experiencing a behavioral health crisis or are recovering from the impact of such a crisis. Crisis system services include a 24-hour crisis line, mobile crisis response, crisis residential and withdrawal management facilities, psychiatric hospitalization, linkage and follow up services, peer support and case management. A key function of this system is management of involuntary treatment needs including assessment and approval of emergency detentions, coordination with the legal system and treatment providers and monitoring of court orders. Different mobile response teams are deployed by the 911 Center, the Crisis Hotline and local law enforcement. Various follow up and stabilization services are offered through the Dane Crisis Provider Network, a collective of different agencies operating programs under the umbrella of Dane County's DHS 34 Emergency Services certification. This program is also responsible for the Behavioral Health Resource Center, which is a non-crisis resource that helps people find available mental health and/or substance use services in Dane County regardless of a person's insurance status, financial status, age, identity, ability or legal status.

<b>Prgm:</b>	BH Comprehensive Community Support	310/99		<b>Fund No:</b>	2610

**Mission:**

Comprehensive Community Services (CCS) is a program that provides mental health and substance use services to people of all ages. The intent of CCS services is to assist people in identifying their personal goals and help them work toward those goals at their own pace. In the CCS program you are in charge of your own recovery.

**Description:**

This program is a Medicaid benefit for individuals who have a mental health and/or substance use diagnosis that provides psychosocial rehabilitation services. Once eligibility is confirmed by meeting State-determined criteria, the individual and a service facilitator assemble a recovery team that works with the individual to establish and make progress toward recovery goals at a pace set by the individual. CCS embraces many core values in its approach to the delivery of mental health and substance use services. CCS values include:

- Respect — CCS providers will respect your values and what's important to you.
- Choice — You have the ability to choose the services to meet your needs and your service providers.
- Flexibility — Your recovery plan and services can change over time to meet your changing needs.
- Community — CCS services can be provided in community settings that are convenient for you, including your home.
