

## Coalition Member Organizations

**Collaborative  
Stabilization  
Coalition**  
OF GREATER DANE COUNTY

Leaders working to stabilize, educate and support adults living with dementia or other cognitive impairments such as Intellectual/Developmental Disabilities (I/DD) in an effort to reduce their risk of crisis.

**Opportunities for involvement** in the Coalition include participation in the Stakeholder Steering Committee, or work groups such as:

- Crisis Prevention Brainstorming Resource Group
- I/DD and Dementia Training Development Work Groups
- Behavior Support Planning Work Group
- Policy Legislative Work Group

Coalition membership is voluntary with the expectation that at least one representative from each stakeholder entity attend monthly Steering Committee meetings and participate in work groups as needed. There are no annual dues or fees for membership.

**For more information, or to join,

The **Collaborative Stabilization Coalition of Greater Dane County**, formed in June 2019, with initial support of DHS Crisis Innovation Grant funding, is comprised of representatives from all local Managed Care Organizations serving Dane County residents, IRIS Consulting Agencies, law enforcement, emergency services, behavioral health, County staff and local experts supporting persons with living with dementia or other cognitive impairments such as Intellectual/Developmental Disabilities (I/DD), all committed to:

- Conducting outreach to bring community awareness about crisis planning and prevention.
- Improving and maintaining effective communication and collaboration between state contracted and county systems, support providers and other stakeholders.
- Preventing and reducing Institute of Mental Disease (IMD) stays for adults with Intellectual/Developmental Disabilities (I/DD) and dementia.
- Providing training for caregivers and crisis responders who work with adults living with dementia or other cognitive impairments on the varied aspects of planning and crisis prevention.

***Since  
February 2020,  
over 2,000  
people have  
participated  
in trainings  
offered by the  
Coalition.***
